

**A wildflower meadow,
a treehouse, a castle built
entirely of plastic bricks -
these are just some of the
ideas already put forward
by local people.**

What should we do with the area beyond the castle?

The 'Beyond the Castle' project wants to make a quality public space from the area around Lancaster's historic castle and Priory, down the hill and over the meadows to the quayside.

Everyone is invited to imagine and design the possibilities - and here's your chance to be involved.

TAKING PART

Meet on the grass outside Lancaster Priory for both events. Boots or wellies recommended! Events are drop in sessions, suitable for all ages including families. Wet weather alternative: The Storey, Meeting House Lane.

IT'S NOT CONSULTATION, IT'S CO-DESIGN

We're not telling anyone what's already planned - it hasn't been. Instead we're working with lots of people and their ideas, asking them to develop the best ones, and designing 'Beyond the Castle' together.

MAKING IT HAPPEN

The Beyond the Castle co-design challenge, led by a five-strong team and supported by some fantastic volunteers, will result in ideas and plans for how the site might be enhanced to take forward by communities.

BEYOND THE CASTLE EVENTS

Just imagine... All the Stories

Sat 8th Sept.

From 12 noon–3.30pm

The Beyond the Castle site has lots of histories, having been occupied since Roman times. Come and help to create stories about its future, and how the area might be improved for everyone.

For All the Stories, you're invited to drop by, for as little as 15 minutes, to unleash your imagination and think about the park as it was in history, and how it might be in years to come.

We'll be walking around Castle Park, Vicarage Fields and Quay Meadows, sharing stories and ideas. Beyond the Castle volunteers and design team will help to draw, write or record every story.

Just Imagine... The Shape of the Park

Sat 22nd Sept.

From 2–4.30pm, or 6–8pm

What makes the park Beyond the Castle special? At this session we'll be looking at the landscape, history and accessibility of the park.

How can we bring its features to life in ways that fit the needs of Lancaster people and those who visit it?

This is an opportunity to help shape and form Beyond the Castle - so come and wander with us around Castle Park, Vicarage Fields and Quay Meadows as we develop ideas for its future.

PROUD

'Beyond the Castle' was initiated by Lancaster City Council and Lancashire County Council, and is supported by a co-design challenge led by Lancaster University through PROUD, an EU INTERREG project.
