

# Everyone's voices matter

**This tool is good for** capturing and sorting ideas or thoughts from different people.

Ask your participants to write their thoughts, ideas or concerns and put them in a box.

Use the colour posters to sort the information. People could post agree responses into pink and disagree into the green box and give their reasons.

## Suggestions for use

Provide a way for those who find it difficult to contribute in a group situation to have a voice that is anonymous and confidential.

Engage hard to reach groups by taking the boxes to places they spend time in.

Invite workshop participants to analyse the contributions to find common ground, any areas of disagreement or tension and discuss the best way forward.
