Make sure jobs get done even when things change

Leapfrog

Important tasks can easily get delayed or halted if things don't go as expected. This tool helps people think through what might go wrong, and agree some alternative ways of getting things done.

TIP:

A great follow-up to Role Bingo!

Co-designed in Scotland

This tool is co-designed with members of community organisations on the Isles of Mull and Iona, and the Kyles of Bute.

YOU WILL NEED:
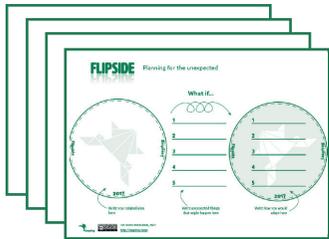

Make sure you have the enough copies of the tool; typically you will need one per action, or one per person.

A

Working individually, or in pairs, ask people to brainstorm actions or activities they are responsible for. Write these on the left-hand side of the **Flipside sheet**.
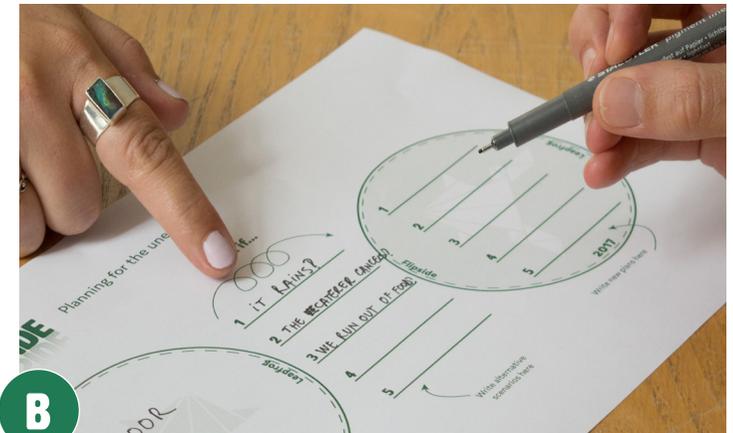

B

Next, brain some things that might get in the way. For example, what if it the plan costs too much, or the weather turns, or not enough people come? Write these challenges in the middle of the sheet.
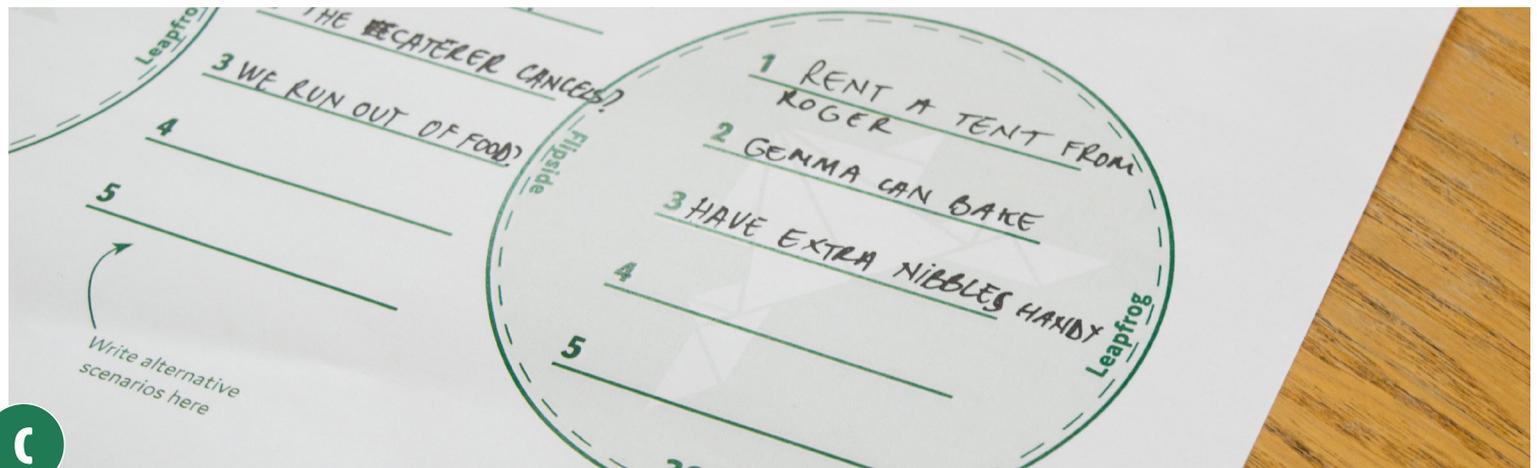

C

Imagine how the challenge could be overcome, writing down possible responses on the righthand side of the sheet.
