

Any Idea Cards

Encouraging & celebrating idea sharing in teams

www.leapfrog.tools

Every one of us has the ability to be creative and to come up with one or hundreds of ideas to do something differently. Some will be amazingly brilliant, some may never get off the ground at all, but what is stopping you offering that idea - nothing!

Always believe that something wonderful is about to happen, because without that belief we can't create services to make a difference for the future.
